WINES, LIQUORS, CIGARS.

COL. J. F. WILSON,
The democratic nominee for delegate to congress will address the people of Globe on Saturday evening, October 22. Everybody invited.

TOWN AND COUNTY.
Chas. D. Grahe, who was at Los Angeles and adjacent resorts for three months, returned to Globe last Thursday.

J. Warren Young left for the east Saturday to be absent a month. He expects to visit New Orleans, St. Louis, Chicago, Cincinnati and other cities.

J. P. McNeil, tinner and plumber, from Tucson, who has been here for some time and has decided to remain, will open a shop as soon as he can secure a suitable location.

H. L. Fuller returned last Thursday evening after an absence of three months in Illinois and other states east of the Mississippi. Fuller made the trip East from Globe, a distance of 1400 miles, on a bicycle.

Chas. W. Slack and Alex. Blake returned last Thursday from the lower coal fields in the San Carlos strip where they own coal claims. There were very few men in that portion of the strip when they were there.

A. J. Henderson, of upper Salt river valley, republican nominee for supervisor, was in town on Saturday and Sunday last. Mr. Henderson and the other two republican nominees for supervisor occupy an anomalous position, as one of them must withdraw, and the difficulty is to decide which it shall be.

Dr. W. H. Cook, of Bakersfield, Cal., commissioned captain of G company, 6th California volunteers, writes from Fort Point, Cal., that he expected a furlough beginning Oct. 16, and if granted he would probably visit Globe. Doctor Cook was formerly a resident here and his old friends will extend him a warm welcome.

Frank Williams was in from Pringle's range last Saturday to obtain the services of a surgeon. In roping a steer the third finger of his right hand got caught in a kink in the rope and the first joint was cut off slick and clean. Dr. Fox dressed the crippled digit and Williams will have soon forgotten his unfortunate accident.

H. C. Hitchcock has purchased the property on which his drugstore is located, together with the adjoining premises occupied by Attorney P. T. Robertson. Mr. Hitchcock contemplates making extensive alterations in the building. A second story will be erected, to be divided into rooms to be rented for offices. The property is one of the most desirable business sites in town.

A. P. Richardson, of St. Joseph, Mo., a director in the Pinto Creek Mining & Smelting company, who spent ten days here, left for home last Monday morning, accompanied by George Calder, superintendent of the mines. Mr. Richardson is well satisfied with what has been accomplished in developing the property as Superintendent Calder, and on his return to St. Joseph, arrangements will be made to prosecute work with a larger force of miners. A hoist and other appliances needed about a mine, will be purchased. Supt. Calder will be absent about a month.

John M. Jones has purchased of Chas. Banker the business, and part of the plant, of the Globe Electric Light company, consisting of two dynamos (one 600- and one 300-light capacity) and all other appurtenances, excepting the engine and boiler, which are to be replaced with new and more efficient machinery. Mr. Jones having left for San Francisco last Tuesday to purchase everything needed for a first class plant. The plant will be moved to the Winters property, on Broad street, much nearer the center of the circuit, where it can be run more economically and with a much less loss of current. Mr. Jones will take possession on the first of November but it will be Dec. 1 before the remodeled plant is installed in the new location.

Persons wanting work and those desiring to employ labor should apply to the Intelligence Office, at the Racket store.

THE FEDERAL COURT.
The United States court for the second judicial district convened in Florence on Monday, Oct. 17. Following are the grand and trial jurors serving from Gila county:

GRAND JURORS.
Wm. Koehn, C. W. Tillman, Wiley Moffett, J. R. Barnette, W. T. McNeil, Cyril Byrne, Wm. G. Ogle.

TRIAL JURORS.
Jesse D. Williams, F. M. Cooper, Wm. S. Narroun, John A. Vinyard, Wm. S. Sultan, Joseph Teal, M. Borquez, Jr., R. Trevarthen, L. G. Coombs, Chas. Kenyon, R. M. Lord, R. S. Mauley, Hiram Crowe, Lonie Walliman, John Holohan, Ed. Shanley, Jerry Hayward.

The democratic rally at Jerome Monday evening was one of the largest political demonstrations ever seen in old Yavapai. Col. Wilson, Hon. J. C. Herndon and the county candidates all spoke. Not less than 1000 sturdy miners were in attendance and did not break ranks so long as a speaker occupied the stand. Wherever miners congregate, there the free silver sentiment has the most vigorous growth. The seeds of gold-buggering can never be made to sprout in a genuine mining camp.—Prescott Courier.

Mess. Flower and Mosbler, president and secretary of the Spennazuma mining company, were passengers on the south bound train Wednesday evening. They have been to Black Rock and made an examination of the workings of the camp at that place. They express themselves as highly satisfied with the work so far and will push the development in a vigorous manner. The mill will be erected at once and Spennazuma is destined to become a permanent camp.—Bulletin.

John D. Parks returned from the Coal Fields strip on Wednesday. He says numerous locations have been made during the past week, and that the mining men who have been on the ground for the past two years are in good humor over the anticipated early opening of the strip.—Bulletin.

WILSON WILL WIN.
From every section of the territory comes the welcome news that Wilson will sweep the territory like a tidal wave, and that with him will be elected a democratic legislature, pledged to abolish the board of control, loan commission, board of equalization and immigration commission.

The people of Arizona are for silver as well as gold, and realizing that bimetalism is the national issue, no chances will be taken to let a gold standard man misrepresent the territory in congress. Arizona is naturally democratic by at least 1200 majority, which is equal to ten per cent of the total vote cast.

Two years ago Jim Doran polled about 3800, O'Neill 3000, and Mark Smith 5700. Thus it will be seen, at that time, \$700 voted for silver while \$8000 voted for the gold standard of the St. Louis platform.—Phoenix Enterprise.

Opinion of an Eminent Jurist.
Ballot reform in New York was necessary, says an eminent jurist, because mere political parties by trade, who had no interest in government or politics except to enrich and aggrandize themselves, sought perpetual control. There are other excellent reforms besides that of the ballot. Conspicuous among them is the reform in a disordered physical system by Hostetter's Stomach Bitters, which counteracts tendencies to serious disease bred by a deficiency of vital stamina, irregularity of the bowels, stomach, liver or kidneys, and impotence of the nerves. This sterling medicine, which has for near half a century won popular favor, not only for its excellent qualities in a remedial capacity, but also for its serviceable properties as a medicinal stimulant.

The Royal Tailors, of Chicago, have deposited with the First National Bank of that city, \$1000, to be given to five of their customers. Will you try to get it? If so, call on
BENSON, the tailor.

COL. WILSON'S REPLY.
He Denies the Story that He Pronounced the Yavapai Bonds Legal.

IT WAS ONLY A WEAK INVENTION OF THE ENEMY.

For some days the Journal Miner and Arizona Republican have been giving circulation to a campaign lie. They stated specifically that Col. J. F. Wilson, the silver nominee for congress, had given an opinion that the Yavapai bonds were legal. This statement having been forwarded to Colonel Wilson, he replies in plain terms. There is not a man in Arizona who will doubt his statement, as it is in accord with his action in going to Washington to prevent the confirmation of McCord. The principal thing Colonel Wilson urged at the time was the fear that McCord was in with the Murphy Yavapai bond outfit and that he would try to fund the illegal paper. Colonel Wilson says:

"The Republican and Journal-Miner lie in their throats when they say I gave official opinion that the funding of Yavapai bonds was, or would be legal; and I challenge them and the whole broad-and-butter brigade to produce such an opinion. The original bonds were void for the reason they were not obligations for the internal affairs of the county, and therefore in violation of the Organic Act of the territory, conferring the credit for the internal affairs of the counties, and that only railroad bonds are not such. (See case of Lewis vs. Pima county, U. S. Supreme Court reports.)

"The funding was illegal for the very plain reason that it was in violation of the Funding Act itself, in which it fixed the right and limits the power of the loan commission to fund obligations of counties ONLY ON THE DEMAND OF THE BOARD OF SUPERVISORS.

"In this case the funding was done, not on such demand, but was done over the official protest of said board of supervisors; and said protest was on file in the office of the loan commission at the time of its illegal act of funding.

"Again, it was in violation of the rule laid down by our own Supreme Court in case of Ingram vs. Loan Commission, brought to compel the funding of the Pima county railroad bonds over objection of the counties, the court holding that such could only be done on demand of the county. The reason why these bonds are illegal are too plain to need argument."

The above plain statement, backed by the advice given Governor Franklin, who refused to fund the Yavapai bonds together with the straightforward and persistent opposition to these and other illegal claims funded, should convince the public that Colonel Wilson is being wantonly libeled by the republican papers, and that such statements are investigated by the owners of the bonds in question.—Phoenix Enterprise.
